

Take advantage of a free consultation to help improve your optimal business efficiency

To get ahead in challenging times successful training providers need to seize every opportunity to increase efficiency and reduce unnecessary costs. To achieve that, it makes good business sense to call in some expert help.

Ashtree Partnership can help companies to improve performance by solving a range of business problems to achieve optimal efficiency. For a limited time only we are offering businesses a free, no obligation consultation.

Ashtree Partnership is a business improvement and software consultancy to the training industry. Our focus is on helping clients to deliver credible business improvements, thereby increasing efficiency and reducing costs.

OUR SERVICES

- Business Improvement consultancy
- Expert advice on the integration and linking together of existing information systems
- Bespoke management information system creation to better track the learner journey, forecast business needs and improve business intelligence

BUSINESS IMPROVEMENT CONSULTANCY

Ashtree Partnership helps training providers to improve performance by solving a range of business problems. We work with clients to identify key performance issues and then advise on sustainable improvements that deliver against strategic objectives.

Our objective is to provide effective, affordable business improvements that increase productivity and profitability which are proven to work.

EXPERT ADVICE ON SYSTEMS INTEGRATION

Seamlessly linking together existing information systems can bring about enormous business benefits, including increased performance, reduced cost and more efficient working. Ashtree Partnership is an expert in evaluating requirements, auditing existing systems and advising on how to better bring them together to produce tangible benefits.

We specialise in linking systems including:

- Database Management Information Systems
- E-portfolio
- Customer Relationship Management systems
- Functional Skills Initial Assessment software
- Virtual Learning Environments
- Document Management Systems
- Email.

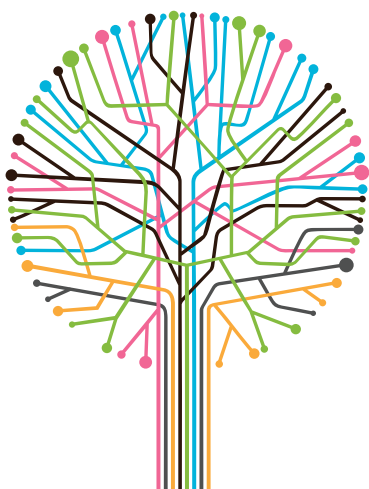

BESPOKE MANAGEMENT INFORMATION SYSTEM (MIS) CREATION

Ashtree Partnership is a specialist in small-scale software development where no off-the-shelf solution exists, including developing management information systems for training providers.

Our bespoke SAPLING MIS:

- tracks the full learner journey
- generates Individual Learner Plans (ILPs) and progress reviews
- integrates data to support internal audit
- has full Skills Funding Agency data claim compliance
- has an integrated e-portfolio and document management system option
- links to BKSB functional skills initial assessment software.

To take advantage of our offer of a free, no obligation consultation, contact KATE STOCK. Email kate@ashtree-partnership.com or phone her on 07767 261161.
