

## LWBLA London West Vice Chair Nominations | May 2016

### **Nichola Hay | Director | Outsource Training & Development**

<http://www.outsourcetraining.org/>

I would like to be considered for the role as Vice Chair in London West because I have over 20 years experience in the sector, I was on the LWBLA Board when it was first established as the Pan London Network. I am now a Board Director of AELP and would use this position and opportunity to build on the collaborative work nationally and regionally through the networks. I would be able to provide a regional local voice and feedback through the Pan London network and on a nationally basis.

I am also part of a London West 14-19 Strategic Group; I have represented the sector on a number of advisory groups and influential Boards in London and nationally. I would like to use this valuable experience to represent London West, including putting the time and effort into representing all providers in this region.

### **Richard Goodwin | Managing Director | JGA Group**

<http://www.jga-group.com/>

I offer the LWBLA the experience of leading a provider with substantial interests in both employability (National Careers Service) and training (ASB/EFA Apprenticeships and Adult Learning Loans). We also offer back-office services to help other training providers to reduce costs and support growth.

During 2015 we achieved an Ofsted grade 2 and 98.9% SFA audit accuracy rate. I was the Ofsted nominee, so I understand the pain of these processes.

This is a time of change in which providers need to be strategically light on their feet, do a great job and stay conservatively financed.

I would like to help the other W London LWBLA members to achieve this.
